

# FIERY GRILL FOR DARROW TODAY

Ford Probed Him as to Previous Knowledge of Guilt of the McNamaras

PRESSED HIM INTO HARD CORNERS; ROGERS RAGED

Cross Examination May Draw Trial Out Until Middle of Coming Week

LOS ANGELES, Feb. 28.—Assistant District Attorney Ford today began the cross examination of Clarence Darrow. Indications point to the probability that it will be long drawn out, with little probability of the case going to the jury before the middle of next week. Ford questioned Darrow regarding his conferences with labor leaders in Indianapolis prior to his taking up the McNamara defense, dwelling particularly upon the dates on which the witness had an obscure recollection. He asked point-blank if the McNamaras had admitted to Darrow the crimes charged to them. The question caused a bitter clash between Rogers and Ford. Darrow denied that they did.

Under Ford's questioning Darrow admitted that on learning the fact that J. B. McNamara had registered at the Baltimore hotel here as J. B. Bryce, was one of the reasons leading him to the conclusion that the McNamaras' case was hopeless. He denied he had learned that J. B. McNamara had signed receipts for dynamite in San Francisco. Here Rogers interrupted, advising his client to answer no further questions regarding his relations with the McNamaras. He declared the law prevented his replying to such questions. Judge Conley held there was no such provision in the code. Rogers paced the floor, muttering.

Ford then demanded if Darrow knew that McNamara had dynamited the Llewellyn Iron Works here. Darrow denied such knowledge. Ford walked toward the witness box and asked:

"Why, then did you permit J. J. McNamara to plead guilty of the Llewellyn affair?"

Darrow answered: "Because he was in serious danger of hanging for the Times affair."

Ford asked: "Did you think him guilty of the Llewellyn affair when you permitted him to plead guilty to it?"

After a heated argument Judge Conley sustained Rogers' objection to this question.

# PORFIRIO DIAZ TO AID HIS NEPHEW

MEXICO CITY, Feb. 28.—Felix Diaz today formally announced his candidacy for the presidency. It is expected that Francisco de la Barra, the provisional administration's foreign minister, will be his principal opponent.

The government has announced officially that four thousand people were killed in the Madero-Diaz struggle for the capital, including women.

Former President of Mexico Porfirio Diaz, will assist his nephew's campaign. It is stated that a group of prominent Mexicans have been appointed to go to Paris to escort the former dictator home. The committee includes government officials. A great reception has been planned for Diaz.

The government has announced that pacification continues satisfactorily. Zapata, the former rebel leader, is aiding Huerta.

MEXICO CITY, Feb. 28.—The minister of war late yesterday sent a cablegram to Gen. Porfirio Diaz at Cairo, Egypt, requesting him to accept his former rank in the Mexican army and re-enter the service to help the Huerta-Diaz government establish peace.

A reply from General Diaz setting forth the date of his arrival in Mexico City is expected hourly.

Wet weather puts bicycles on the bum; I put them in good running order. Russ Coleman, 217 West Fourth Street.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

# Dollars For Lives; Not One Drop of Blood For Dollars

—MARSHALL

PHILADELPHIA, Feb. 28.—Discussing the Mexican situation here last night, Vice President-elect Thomas R. Marshall, saying he was not reflecting President-elect Wilson's views, declared: "I would spend my last dollar for an American citizen's life, but I would not spill one drop of blood to save an American citizen's dollars."

"It is very difficult to say what would constitute a reason for intervention in Mexico," he continued. "There are so many rumors that I doubt if even those on the ground know the real facts. There are charges that a syndicate heavily interested in Mexico is fomenting the trouble, also that along the border there will be some Americans killed to force intervention by the United States. My own view is that the troubles in Mexico are due to the fact that there is an upper crust and an under crust, but no middle class in that country."

"I don't blame those who have money locked up in Mexico for wanting intervention."

# Bulletins of News

Hot from the wire up to 3:30 p. m.

## THE WEATHER

Fair tonight and Saturday; heavy frost Saturday morning. Light northwest winds.

### Indiana Plans to Join In Panama-Pacific Exposition

INDIANAPOLIS, Ind., Feb. 28.—The House late yesterday voted to have Indiana participate in the Panama-Pacific Exposition in 1915 at San Francisco by passing the Cravens bill, appropriating \$90,000 for this purpose.

### First English Builder Of Dreadnaughts Is Dead

LONDON, Feb. 28.—Sir William H. White, former chief constructor of the British navy, and holding the honor of introducing the first Dreadnaught into the British fleet, died suddenly last night at a hospital, where he had been conveyed after having been stricken in his office.

### Spanish-American War Veterans to Meet at Venice May 5

VENICE, Feb. 28.—Mayor Holbrook has set the date for the convention of the Spanish-American War Veterans here for May 5, to continue four days. The convention is expected to be the largest ever held by the veterans.

### Eagles to Meet in Venice on May 13th

VENICE, Feb. 28.—The Eagles announce their convention for Tuesday, May 13, to continue until all business is disposed of and conclude with a grand ball in the Venice dance pavilion. The local committee is preparing to entertain 5000 Eagles.

### Will Celebrate Centenary of Peace Between England and U. S.

LONDON, Feb. 28.—The British committee concerned with the celebration of the centenary of peace between the United States and England announced yesterday that it will send representatives to a conference in New York to arrange for joint action between the United States, Great Britain and Canada.

The invitation was sent by the American committee.

# SANTA ANA-WHITTIER TRACK MEET IS OFF

Unexpectedly word came from Whittier this afternoon that the track meet that was arranged to be held in Santa Ana tomorrow afternoon must be called off. Therefore the contest as announced in the second section of this issue of the Register will not be held.

There will be a class meet of the Santa Ana school tonight.

# TWENTY-TWO SOPHOMORES AT ORANGE HIGH SCHOOL ARE CAPTURED BY JUNIORS

ORANGE, Feb. 28.—About the biggest and liveliest tying-up game ever witnessed in this section of the world, took place here yesterday afternoon under the auspices of the faculty of the Orange high school. In truth the game was approved if not arranged by the leading educators, for it consisted of a bona fide match contest between the juniors and sophomores of the high school.

It was a "tying contest." The game consisted of all the sophs endeavoring to capture and subdue and tie ropes as many juniors as possible, and at the same time, all the juniors were endeavoring to perform the same game on the sophs.

Both sides entered into the spirit of the contest with all the energy and avidity of youth; and when there was breathing time it was discovered by actual count that the juniors were the champion "tied-up," having performed that trick on no less than twenty-two unfortunate sophs in a period of eleven minutes. The sophs managed to corral only fourteen juniors.

The contest was witnessed by a large and enthusiastic crowd and was voted a great success.

# ORANGE COUNTY REPUBLICANS ADDRESSED

Chairman Jackman Requests the Central Committeemen to Consider Matters

# COUNTY GOVERNMENT BILL IS BROUGHT UP

Salary Recommendations May Meet With Revision If It Seems Necessary

All the members of the Orange County Republican Central Committee are in receipt of the following letter from Chairman S. J. Jackman, which is self-explanatory:

Dear Central Committeemen:

As the time approaches for the convening of the legislature, it behooves us, the legal political representatives of our several districts to carefully scrutinize the work performed and our recommendations as made to the legislature in regard to "County Government" at the last regular meeting of our committee, and if any mistakes have been made or changes be found necessary, they should be acted upon at once.

As chairman of the committee, I invite suggestions from any member who has anything to offer that in his opinion, will be beneficial in the way of efficiency and economy in our "County Government." All such will be laid before our representatives that they may take such action as is expedient after considering them.

I wish to call attention to the following suggested changes in the bills as introduced in the legislature, and I am of the opinion that it will be probably best to make the changes as suggested. However, I desire that each of our committeemen will carefully study the questions and let me have at as early a date as possible, his opinion as to the changes recommended, to-wit:

In the permanent bill we recommended putting the recorder on a flat salary and furnishing two assistants at \$75.00 per month each, and one at \$60.00; the suggested change in this is to make it read "one assistant at \$50.00 per month, two at \$60.00 per month each, and one at \$70.00."

It is also recommended that the assistant in the auditor's office shall receive \$900.00 per year, instead of \$700.00 as recommended in the permanent bill.

In the temporary bill the change is that inasmuch as the recorder is receiving compensation largely in excess of that to which he is justly due, as compared with the other county officials, it is recommended that a reduction be made so that the compensation after this bill goes into effect will be the same as that in the permanent bill, which will show a large saving to the tax payers in the next two years, without affecting the efficiency in this office.

Will you kindly attend to this NOW?

## FREEZE PREDICTED TOMORROW MORNING

LOS ANGELES, Feb. 28.—Weather Forecaster Carpenter has issued warning that a sharp freeze may be expected tomorrow morning. He said particular care should be exercised in the vicinity of Los Angeles.

## SPECIAL FOR SATURDAY

Choice Bananas, 15 cents per dozen. James' Fruit Store.

# DR. FRIEDMANN WILL ANNOUNCE HIS PLAN OF TREATMENT

NEW YORK, Feb. 28.—Dr. Friedmann today admitted that he is preparing a definite announcement regarding his arrangements for treating tubercular cases with his reputed cure and will probably make it public tonight. He continues to refuse to meet challenges of the efficacy of his cure.

Letters and telegrams from tubercular sufferers are still deluging him. It is reported here that the Canadian government will send a representative to interview Dr. Friedmann regarding the use of his treatment in Canada.

# SUFFRAGISTS WEEP OVER SNEERS AT HIKING GARMENTS

ELADENSBURG, Md., Feb. 28.—Declaring their bedraggled condition was a disgrace to the cause, Miss Alice Paul, chairman of the Washington suffrage headquarters, started a storm of tears among the suffragist hikers when they arrived here today enroute from New York to Washington. The parade was halted while the leaders consulted. The march was resumed after a decision to debate the matter enroute.

# THAW SCANDAL WILL BE PROBED BY GRAND JURY

NEW YORK, Feb. 28.—It was learned today that on Monday a grand jury will launch a probe of the whole Thaw scandal, including the alleged bribe offer for Thaw's release from Matteawan asylum. District Attorney Whitman conferred with several of his aides on the case today.

# ALL ABOARD FOR THE HAWKEYE PICNIC

Grand Annual Outing Tomorrow in Los Angeles at the Eastlake Park

# PROMINENT IOWANS TO MAKE SPEECHES

Special Train of Four Cars to Carry Santa Anans Who Will Participate

Every man, woman and child that has ever had the pleasure of calling Iowa "home," will trek tomorrow to Eastlake park, in East Los Angeles, and share in the fun of exchanging greetings with old friends, neighbors and former acquaintances who also have the privilege of claiming to be Hawkeyes, either by right of birth or adoption.

In fact, tomorrow belongs to all Iowans who are now rusticiating, peregrinating, or domesticated in Southern California. This will be Iowa Day in large capital letters. There may be other days in the year but only one Iowa Day. The occasion is the annual basket picnic and outing of all native or adopted sons and daughters of the good old Hawkeye state, who have come hither to make new homes but who have not lost their loyalty and love for Iowa.

A special train of four cars will be necessary to take the former Iowans from Santa Ana tomorrow. This special train will depart from Fourth and Main streets at 8:30 a. m. Tickets that were sold for last Saturday, the original date for the picnic but which was postponed because of the glorious rain, must be exchanged at the Pacific Electric depot for new tickets. Otherwise the old tickets will not be accepted on the train. There are about sixty of these tickets still out, the purchasers neglecting to have them exchanged. Do it now and avoid all fuss and confusion, and possible loss of temper, when the conductor signals the motor train tomorrow to "let 'er go." This special train will bring the Santa Anans home again, leaving Eastlake park at 4 p. m. sharp.

"Old Probabilities" has declared there will be sunshine tomorrow. If there isn't he will find safety in the woods. Colonel E. S. Ormsby, president of the association, will preside at the meeting in the afternoon, and speakers will be G. Ray Horton, Col. A. B. Shaw, Rev. E. H. McGraw and Judge Wilbur. Special trains will be run from many other points and a great outpouring of former residents of the state is anticipated. The Women's Relief Corps will serve refreshments to those who cannot bring baskets.

The Michigan State picnic was to have been held also, but it has been postponed until March 15, in order to give the Hawkeyes right of way.

Mrs. Woodrow Wilson

# DAUGHTER OF MINISTER WILL PRESIDE AT WHITE HOUSE

When Mrs. Woodrow Wilson shall have taken possession of the White House, the Executive Mansion will be occupied for the seventh time by a clergyman's daughter, says Munsey's Magazine.

The new first lady of the land, Helen Louise Wilson, is not only the daughter of a clergyman, but is the granddaughter of two clergymen. Mrs. Woodrow Wilson's father was the Rev. Dr. Edward Axson; her paternal grandfather was the Rev. Dr. Isaac Stockton Keith Axson, for thirty-five years a Savannah pastor, and her mother's father was the Rev. Dr. Nathan Hoyt, of Athens, Georgia.

Inasmuch as President Wilson himself comes of a family of ministers, the White House will now be more completely in the keeping of the manse than it ever was before.

# GRANDCHILD OF FRANK EY SERIOUSLY BURNED

Clothing Catches Fire From Gas Stove At Home of Playmate and Flames Burn Her Severely Before Extinguished

The little five-year-old granddaughter of Mr. and Mrs. Frank Ey is lying at the point of death in a Berkeley hospital, a victim of flashing flames from a gas stove that had been lighted by a little boy coming from an amusement. Mr. Ey, who is president of the board of city trustees, received word from his son this morning that the child is still in a precarious condition, although the grief-stricken parents are hopeful for the best.

A dispatch to the Register relative to the accident says:

Little Frances Ey, the only child of George P. Ey, auditor of the General Electric Company, who resides at 2118 Prince street, was seriously and probably fatally burned about 4 o'clock last Tuesday afternoon, when her clothing caught fire from a gas stove. She was rushed to the Roosevelt hospital, where she still lies in a precarious condition.

The little girl, who is five years old, went to the home of a little boy friend, who lives at 2308 Shattuck avenue, to spend one afternoon. They were left alone and the little boy, lighted one of the plates on the gas range. Little Frances attempted to blow out the flames. There was a sudden shooting outward of the flames, striking the child on her right side, igniting her garments.

Dave Parker, a driver for the Berkeley Creamery Company, was passing the house and noticed smoke coming from an open window. He rushed in and tore the burning clothes from the child, who was seriously burned about the body and face. The heroic act of Parker probably saved the girl from being burned to death. His hands were severely burned in extinguishing the flames.

Her cries brought neighbors, who bathed the child in sweetoil before the ambulance came, and she was removed to the hospital. Her face and body are severely seared and her recovery is said to be doubtful.

In a letter received this morning from his son, President Ey learned that the child is not suffering at all. This is not regarded as a good sign because it is accepted as indicating that her burns are of the second degree, and therefore more dangerous than if only the outer skin had been burned. Her mother is constantly with her, a cot having been installed in the hospital beside her child's bed, so that she is never absent a minute and is always at hand when Frances awakes or wails her.

# ORANGE MUST SHOW THAT PRESENT GAS RATE IS FAIR TO THE GAS CORPORATION

ORANGE, Feb. 28.—All doubts as to what is expected of the officials of this city were dispelled today when President Dittmer of the board of city trustees received a telegram from the State Railroad Commission informing him that the commission expects the city to "show all its evidence ready for submission when the gas rate inquiry is begun here next Thursday."

The Southern Counties Gas Company has petitioned the commission for an increase in the present rate for gas consumption from \$1.15 to \$1.35, claiming that under the existing rate the company faces a deficit here annually. The present rate was fixed by the city trustees in spite of the protests of the gas company.

Considerable doubt existed as to whether the city would be required to submit any evidence to support the contention of the trustees that \$1.15 per thousand feet of gas was a fair price and one that would allow the company a fair and reasonable profit on its service and supply. To remove all doubt President Dittmer wired the state commission and was advised today that the city must submit evidence just as the company must do to win its contention. This will be done immediately.

# ALASKA PLANNING FOR LEGISLATURE

Holds Caucus Prior to Her First Territorial Legislature on Monday Next

# JUNEAU, Feb. 28.—Representatives from all parts of Alaska are in caucus today preparatory to opening the first territorial legislature next Monday.

—Spring millinery displayed on a living model is one of the features of our spring opening Saturday, March 1. Miss Luella Donaldson will pose in any of our spring hats for the benefit of those wishing to note the new style effects. The Misses Rutherford.

# FATAL FLAMES IN OMAHA HOTEL

Five Known Dead, Twenty to Thirty Reported Dead in Hotel Dewey Fire

# BELIEVED DEATH LIST WILL PROVE LARGE ONE

Bodies Seen in Hallway as Guests Fled to Escape Falling Walls of Building

OMAHA, Feb. 28.—Charles Cummins, Mrs. Alice Banneview, A. B. Porter, Dwight Bowler and an unidentified man were burned to death, 25 to 30 people reported dead and three are badly injured from an early morning fire in the Hotel Dewey. A spark from the chimney of an adjoining building caused the fire. Five bodies have been recovered.

E. T. Conner, rescued from the burning hotel, said he believes it impossible that many guests could have escaped. It is claimed there were fifty guests and forty other persons in the hotel when the fire was discovered.

Conner said many were jammed in the hallway in a panic and he believes many lives were lost. Several firemen had narrow escapes. A score of people rushed from the building just in time to escape the falling walls. They say they heard women screaming and saw bodies in the hallways as they ran.

Within thirty minutes after the fire was discovered the building was in ruins. The survivors' statements are responsible for the reports of a larger death toll. Six persons are in the hospitals in a serious condition. The property loss is \$200,000. Survivors hint at inaccessible fire escapes and locked doors. The firemen worked frantically in the ruins all morning.

# TAFT BEQUEATHS CANAL NOTE TO WILSON

Will Let Successor Struggle With England Over Tolls of Big Ditch

WASHINGTON, Feb. 28.—Ambassador Bryce presented England's reply to Secretary Knox's note regarding the exemption of American ships engaged in coastwise traffic from Panama canal tolls, at noon today. The cabinet in the final session of its term discussed the note. Later it was stated authoritatively that the Taft administration will not attempt a rejoinder.

The chief points of the British note are the assertion that the time is not ripe for arbitration of the canal dispute, and disagreement with Secretary Knox's interpretation of the "all nations" clause in the Hay-Pauncefote treaty. The text is withheld for publication in a few days.

# WOODROW WILSON SNUBS R.R. MAGNATE

Refused Luncheon With Samuel Rea—Played With Tots Enroute to New York

NEW YORK, Feb. 28.—Preferring to remain in a day coach of the Pennsylvania train enroute to New York, President-elect Wilson flatly declined luncheon in the private car of Samuel Rea, the head of the Pennsylvania system. He played for an hour with Frank and Clara Greenwood, children with whom he struck up an acquaintance on the train, the children rumping his hair and kissing him goodbye.

## SERIES OF Y.M.C.A. MEETINGS TO OPEN

First of Young Men's Meetings  
To Be Held at Congregational  
Church Next Sunday

The first of a series of Sunday afternoon young men's meetings, to be held under local Y.M.C.A. auspices, is announced to take place, in the First Congregational church next Sunday afternoon, commencing at 2 o'clock. These meetings will be held twice a month, and capable speakers are being secured to present subjects vital to the lives and interests of young men.

The speakers and their subjects for next Sunday afternoon's meeting are as follows: Prof. McMath of the high school will present, "Does It Pay to Attend High School?" and J. A. Cranston, superintendent of city schools, will speak on "Should I Go to College?" Professors Cranston and McMath need no introduction to the young men of the city, and it is hoped there will be an excellent attendance of Y.M.C.A. members and their friends at the Congregational church next Sunday afternoon.

## SEED BED STOCK DOUBLES IN VALUE

Price Raises From \$14 Per  
Thousand to \$30; Many Sales  
Made in Upper Valley

ANAHEIM, Feb. 27.—To properly bring this section to the notice of the commission which will be appointed to select a site for the new Southern California citrus experiment station, it was decided to ask J. B. Neff, director of farmers' institutes for Southern California, to hold a three-day farmers' institute in this city during the coming summer and invite members of the commission and Governor Johnson to be present, and inspect the varied products of this community.

As planned, the institute will last probably three days, and will be one of the largest ever held in the state. A display of products of the soil equalled by none will be made and the fertile soil and matchless climate will be shown to their best advantage. An institute of this sort has not been held here for many years and in view of that fact, it is expected the attendance will be the largest of any ever held in this section. Mr. Neff has accepted the invitation and signified his willingness to undertake the work.

H. M. Adams, chairman of the public improvement committee, reported that members of the board of trade had taken the citrus experts for a ride about the country on their recent visit here, and showed them the advantages of this section as a site for the new citrus experiment station.

## GOVERNOR JOHNSON WILL BE INVITED

Anaheim Proposes to Hold a  
Farmers' Institute For  
Three Days

ANAHEIM, Feb. 27.—To properly bring this section to the notice of the commission which will be appointed to select a site for the new Southern California citrus experiment station, it was decided to ask J. B. Neff, director of farmers' institutes for Southern California, to hold a three-day farmers' institute in this city during the coming summer and invite members of the commission and Governor Johnson to be present, and inspect the varied products of this community.

As planned, the institute will last probably three days, and will be one of the largest ever held in the state. A display of products of the soil equalled by none will be made and the fertile soil and matchless climate will be shown to their best advantage. An institute of this sort has not been held here for many years and in view of that fact, it is expected the attendance will be the largest of any ever held in this section. Mr. Neff has accepted the invitation and signified his willingness to undertake the work.

H. M. Adams, chairman of the public improvement committee, reported that members of the board of trade had taken the citrus experts for a ride about the country on their recent visit here, and showed them the advantages of this section as a site for the new citrus experiment station.

## PAPE'S DIAPEPSIN REGULATES STOMACH

Time It! In Five Minutes Gas,  
Sourness and Indigestion  
Is Gone

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. Diapepsin is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Advertisement.

## BRIEF NOTES OF NEWS AND GOSSIP AROUND ANAHEIM

ANAHEIM, Feb. 26.—The Petroleum Distributing Company, a stock concern in which a number of local men are interested, is making preparations to open headquarters in this city. Three large tanks, with a combined capacity of 75,000 gallons, are in course of construction along the Santa Fe right of way, just south of the depot. The company will deal principally in gasoline, kerosene and distillate.

The big oil drilling plant of the Standard Oil Company at Olive has just been put in operation and is now running full time. Adjustment of the machinery made it necessary to stop the plant at different times the first day or two.

After a long delay, attributed to the manufacturers of the safety device, an automatic flagman has been installed by the Santa Fe company at its crossing on East Center street. The device, by bell and light signals, warns travelers day and night of the approach of trains, and is claimed by railroad officials to be the best safety device for railroad crossings now on the market.

## MADISON RANCH IS SOLD TO NEWCOMER

The Madison ranch of seven and one-third acres has been sold to John Hoffman, who recently disposed of his Orangethorpe ranch to a Mr. Key of Canada. The ranch is highly improved and a very desirable property. The Madisons did not wish to state the sale price, but said that while not the price expected it was at a good advance over what they paid two years ago. It is reported that the purchase price was \$15,000 cash. The Madisons are as yet undecided as to the future. They may go into business again or purchase another ranch. Their numerous Placentia friends are hoping they will find a location in this section.—Placentia Courier.

## CHILDHOOD LOVERS, PARTED 62 YEARS, WED AT 80 AND 78

DENVER, Feb. 28.—After a separation of 62 years, Mrs. Clara Fields, 78, of Oakland, Cal., and John Graves, 80, of Edgmont, South Dakota, childhood sweethearts, are man and wife today. They were married Thursday. During their first engagement at Painesville, Ohio, they parted after a "tiff." Both later married, and each had eight children. Their spouses having died, they recently renewed their old engagement. They met in Denver to be married, each "coming half way."

## RICHFIELD ROSTER OF NEWS AFFAIRS

RICHFIELD, Feb. 28.—A large Pasadena nursery has purchased a five-acre tract here and have begun preparing the same for nursery purposes.

A petition has been sent in to the Wells Fargo company asking for the establishment of an express office here. Arrangements have been made with the Richfield Topping plant for this oil. The topping plant was erected about a year ago, the first of its kind, and attracted much attention at the time in the oil world. It is refining about nine cars daily.

B. F. Chase the Santa Fe agent, has purchased five lots on Elder street and will erect an attractive six-room bungalow to cost about \$2000. The Santa Fe will establish an oiling station at Richfield, where the main line and branch trains will take oil, instead of at San Bernardino as at present.

Mr. and Mrs. W. L. Baldrige left Wednesday for Victorville, where he will have charge of a large alfalfa ranch.

A. J. Argens has moved from Placentia into the Dr. Casteel cottage. J. L. Breen is grading his ranch. He will put in a cement pipe all over it and set it out to oranges.

## IN THE JUSTICE COURT

FINED \$25 FOR  
ILL-TREATING  
HORSE

Two Men From Fullerton Are  
Given Impressive Lesson  
by Justice Cox

Cruelty to a horse led to two men hearing a scathing denunciation directed at them and their conduct in Justice of the Peace Cox's office this morning. And to make the rebuke all the more impressive the court imposed a fine of \$25 on each of them, which they paid with poor grace.

The accused men gave their names as Homer Schrack and Glen Johnson and they were arrested at the instigation of Secretary G. A. Whidden of the Society for the Prevention of Cruelty to Animals. They were arrested in Brea last Sunday night, where, it was testified, they were engaged in beating a horse with a club. Admission was made as to the correctness of this charge, and asked by Justice Cox why they acted in so inhumane a manner, one of them replied, "Because the horse was balky."

"A very poor excuse," commented the justice, adding: "Twenty-five dollars fine or the alternative in jail." The fine was paid.

"It is hard to understand these kind of cases," said the court. "These men look as if they were intelligent, and yet we find them engaged on a public street in beating a horse with a club just because the animal balked. It is certainly a hard matter to understand such mortals. They didn't deny the charge and made no defense."

The arrests were made by Constable Jackson of Santa Ana. Both men are residents of Fullerton.

**Ten Days Each**  
Messrs. Sevilla and Fritz, two peregrinating gents who had a temporary home in a Santa Fe freight car when discovered by Policeman Hamilton, have been sent to a more permanent home in the county jail where they are sure of ten days' board and lodging, this order having been made by Justice Cox after he had heard the evidence. Said evidence indicating that neither of the two wearies would do anything toward work except to sleep beside it.

**Refused to Be Vagued**  
A young man named Handley who was arrested a few days ago on suspicion of being an undesirable citizen, refused to acknowledge the charge of vagrancy that was filed against him, and demanded a jury trial. This was twelve days ago, and his hearing was set for this morning before Justice Cox. In view of the length of time that the accused had remained in jail, having been unable to obtain bail, the court concluded he had served sufficient time even if it were proved that he was really guilty of vagrancy, and the case was dismissed. Handley had demanded a jury trial.

SAYS STANTON IS  
GROWING RAPIDLY

"Stanton is not exactly booming but it is growing very rapidly," said F. C. Beecher, manager of the improvement company in the new city northwest of Santa Ana. "We are enjoying a solid, steady growth, with considerable of the best class going on all the time. We look for a very busy year for there is considerable improvement work already ordered. New people are coming in every day, and the inquiries for new business houses are many. Stanton is ideally located in the heart of a very rich and frostless section, and we are bound to become a wide awake, enterprising Southern California city before many months."

## AT THE COURTHOUSE

ESTATES REQUIRE  
ATTENTION OF  
COURT

Settlements and Guardianships  
of Deceased Persons and  
Minors Legalized

Quite a volume of probate business received attention from Judge West in the superior court this morning. Among the cases that were considered or disposed of were the following:

Estate of Thomas L. Johnson, C. S. Pundschuh was appointed administrator.

Estate of Margaret C. Williams, decree awarding community property to the surviving husband, John C. Williams; estate valued at about \$1000.

Estate of Anna D. Lewis, order to sell real estate issued to Theo A. Winbiger, public administrator.

Estate of Jacob M. Markwalder, order issued for sale of real estate.

Estate of Francis M. Jeffrey, order of publication of notice to creditors approved.

Estate of Susan M. Jones, decree passing title to surviving husband.

Estate of Charles Lietzsch, testimony of subscribing witness in probate of will.

A report was received from Joint N. Anderson, Eli B. Trago and L. A. Galloway, as appraisers of the estate of the late S. Hill, setting forth that the estate is valued at \$57,156.54.

Garrie Nevada Hargrave was appointed guardian of John J. Irvin, the minor child of John J. Irvin and wife, both deceased. There is an estate of about \$4000.

Alberto Morillo was appointed guardian of Floricia Morillo, a minor.

W. N. Simpson was appointed guardian of Virgil and Edith D. Simpson, minors, their guardian being their uncle.

F. F. Smith's claim of \$521.97 against the estate of Mary Ellen Smith was allowed.

Notice was received from Judge W. F. Schlotter of the probate court of Shawnee county, Kansas, that Minnie Davis Moore has been appointed guardian of Minnie Louise Moore, who is heir to some property here.

**A. C. McMillan Got Judgment**

It was A. C. McMillan and not Boyd Ellis who won the civil action in Justice Cox's court yesterday in the suit brought for damages sustained in a collision between automobile and motorcycle seventeen months ago on South Main street. The report in the Register reversed the relative positions of the two men in the court proceedings, making McMillan the defendant and Ellis the plaintiff. The reverse was the case and McMillan secured judgment for \$125 and costs.

**To Become Citizens**

Two final applications for citizenship papers have been filed with County Clerk Williams, the foreigners who wish to swear allegiance to Uncle Sam being Robert Lenke and Samuel Hurwitz. Their applications will be heard July next by the U. S. commissioner.

**Estate of Erlinda Celaya**

Alberto Morillo today filed in inventory of the estate of the late Erlinda Celaya, of which he is administrator, showing that the estate consists of \$439 in cash, and that the heirs are the husband and two minor children.

**Closing Life Estate**

A petition was filed today by Fred Arp to terminate the life estate of his late wife, Louisa Arp, in certain property. Judge West fixed the hearing for March 14.

**Decree of Divorce**

A final decree of divorce was granted Mary M. Mann this afternoon by Judge West from Frank O. Mann, and she was also awarded the custody of their minor child.

**Suit Over Land**

W. S. Jones today filed suit against J. W. and Carrie Hoffman over title to certain real property in the Rancho Las Bolsas, the defendants claiming interest in the same.

**Discharged From Asylum**  
Certificate was filed today by Dr. J. A. Reilly, medical superintendent

## New Embroidered Voiles

The Season's Most Beautiful Dress Material

## THE

marked tendency of the season toward rich, embroidered effects is shown in our new embroidered voiles and crepe-de-chines. In white goods we have seen nothing more beautiful. The embroidery is heavily padded, giving a rich, heavy effect, and in deep, clean cut designs with scalloped edges. It is beyond our power to describe them; look at our window display and see for yourself.

The patterns come in two and a half yard lengths for the skirt, with eight inch banding to match for the waist; or in five yard lengths if you want a whole suit. We show them in voile and cotton crepe-de-chine, and have material to match. The patterns themselves are 45 inches wide.

It will surprise you how reasonably they are priced for such exquisite material. The patterns are shown at \$1.00, \$1.75, \$3.00 and \$4.00 per yard, while the bandings to match cost from 40c to \$1.00 per yard.

## All Silk Ratine, 85c yd.

This is one of the season's newest material. It is absolutely all pure silk woven in the rich, ratine effect, 36 inches wide, at only 85c yard. A bargain indeed. We show colors of tan and blue only. For trimming, we show new tapestry effects in silk at \$1.00 a yard.

## New Wash Silk, \$1 yd.

A fast color wash silk, 32 inches wide at \$1.00 a yard. They come in the daintiest of stripes, in tan, blue and white and black and white, especially designed for wash dresses and wash waists. It makes a pretty, inexpensive, wearable, washable costume. Ask to see it.

TRY IT! SAYS SAGE-TEA DARKENS  
AND BEAUTIFIES FADED, GRAY HAIR

Mixed With Sulphur Makes  
Hair Soft and Luxuriant and  
Removes Dandruff

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is coming in vogue again, says a well-known downtown druggist. It was our grandmother's treatment and hundreds of women and men, too, are again using it to keep their hair a good, even color which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

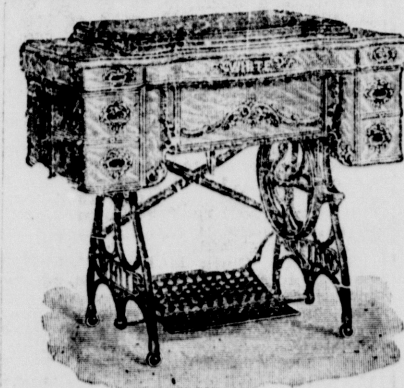

Nowadays, though, we don't have the troublesome task of gathering the sage and the mossy mixing at home. All drug stores sell the ready-to-use

product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is the most popular because nobody can discover it has been applied. Simply dampen a soft brush or sponge with "Wyeth's Sage and Sulphur" and draw this through your hair, taking one small strand at a time. Do this tonight, and by morning the gray hair disappears and after another application it is restored to its natural color.

What delights the ladies with Wyeth's Sage and Sulphur is that besides beautifully darkening the hair they say it produces that soft lustre and appearance of abundance which is so attractive; besides prevents dandruff; itching scalp and falling hair. Here, you gray-haired folks, get busy; look years younger. Rowley Drug Co.—Advertisement.

## Mothers Can Safely Buy

Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles, tastes nice, harmless, once used, always used. Mrs. Bruce Crawford, Niagara, Mo. writes: "Dr. King's New Discovery changed our boy from a pale weak sick boy to the picture of health." Always helps. Buy it at all druggists.—Advertisement.

SUNNY DAY FOR THE  
WILSON INAUGURAL

So Says the Weather Bureau,  
But Street Department  
Takes No Chance

WASHINGTON, Feb. 28.—Despite the fact that the weather bureau has promised Washington clear and bright weather for inauguration day, the street cleaning department of the city proposes to be prepared for a repetition of the blizzard that marred the ceremony four years ago. A large force of men has been thoroughly organized.

Besides 200 men regularly employed, an additional 300 will be available should conditions make it necessary to keep the line of march free from snow. These men will be held in readiness on the morning of the parade. They will be massed near the beginning of the line of march and if necessary precede the marchers and sweep the snow toward the side of the streets, at the same time brushing the cleared space as dry as possible. The line of march this year is nearly two miles long, and the entire distance will be watched and kept clean and free.

The isolation of Washington which made the inauguration of President Taft four years ago such a memorable one can not occur this year, according to information obtained from the telephone and telegraph companies here. Within the last four years the companies have installed a complete underground system of wires that extends from the capital to New York and Boston through Baltimore and Philadelphia.

BUSINESS SMARTNESS

It has often seemed that the American ideal of business success is the "smart man." Perhaps the sentencing to jail of twenty-nine Cash Register company officials marks the beginning of an era when "smartness" will not be so highly valued.

"Do the other fellow and do him first" has expressed the popular David Liarum philosophy.

In some respects there has been a marked gain in business honor during recent years. It has seemed like a revival of the old time spirit of fine craftsmanship.

A certain manufacturer of boots and shoes used to send his goods to distant cities all over the country. Some of his customers would send him a fat check twice a year, and tell him to make up the usual styles for what he could afford. They were never disappointed.

Few merchants would dare this to fumble on the good faith of manufacturers today. Yet of recent years, misrepresentation has largely proved self-destructive. The man who fails to deliver the real thing is soon a memory in the Armageddon of trade.

As respects methods of competition, the standards of modern business are not so hopeful. Much competition has disappeared because business men have found it is cheaper to soak the public than each other. But ways that are dark and tricks that are vain still prevail.

Does it pay? What satisfaction is there in smoothly purring automobiles, soft-lined rings from the Orient, or glittering jewels, if these goods and chattels result merely from superior skill at the game of the fox or the wolf? What happiness can there be in the castle by the sea or in mountains, if the unfair methods that make it possible mean that your competitor must eat his hard-earned crust in the bitterness of the slum?

Even the roughest crowd on the bleachers howls down the man who spikes a base-runner.

THE DECLINE OF ECONOMY

The statement was made on the floor of congress a few days ago, that if pending bills were passed as expected, the expenses of the government would greatly exceed any previous figures. Not merely is Uncle Sam feeling the burden of a constantly heavier tax bill, but there is scarcely a city or a state where there is not a surprising increase. The outlay has grown much faster than either population or valuation.

Modern science of course has caused many of these new outlays. No school board is satisfied now with the untrained teacher. She must usually have done normal or college work. The public must pay for her schooling. The people will no longer buy flour and starch in place of sugar, nor milk anointed with stable refuse. It costs good money to have pure food laws enforced.

Other expenditures are often caused by local vanity. The town that formerly built wooden school houses is usually justified today in erecting them of brick. The safety of child life is not a good direction for cheese-paring. But many a town that once liked a good old-fashioned red brick is dissatisfied today unless it has the most expensive fancy brick. Tomorrow only marble will properly glorify the community.

One of the most useless extravaganzas is transporting costly building materials long distances. In many edifices the home product is not good enough. Costly building stones are imported across the seas. Every town or city or state that has a public building to erect will do well whenever possible to select construction material that comes from near home. This usually is less costly, shows better taste in its lack of ostentation, and is a useful display of home resources.

MORE INDICTMENTS FOR WESTERN FUEL CO. MEN

SAN FRANCISCO, Feb. 28.—New indictments were returned by the federal grand jury yesterday against eight officials and employees of the Western Fuel Company, previously charged with having conspired to mulct the government out of "draw-back" duties on imported coal by means of false weights and juggled accounts.

The new indictments are to be substituted for those already filed, no new arrests being made, and will extend the time of the alleged fraud to 1904 instead of 1906.

GEN. SICKLES' WIFE HAS FIRST CLAIM ON HIS PROPERTY

NEW YORK, Feb. 28.—Threatened sale of the property of General Daniel Sickles, civil war veteran, to satisfy judgments, was forestalled last night when a sheriff's jury held that the general's wife, who came to her husband's aid in his financial difficulties, has rightful claim upon the contents of the soldier's Fifth avenue mansion. Mrs. Sickles' claim is on a chattel mortgage for \$13,000.

This store is the home of Hart Schaffner & Marx clothes

NOTICE OF STREET WORK

Notice is hereby given that on the 24th day of February, 1913, the Board of Trustees of the City of Santa Ana passed a Resolution of Intention No. 554 to order the following street work to be done, to-wit:

To construct sewers in a connected system of sewers in a district within the corporate limits of the City of Santa Ana, hereinafter described, upon the following streets, to-wit:

The center line of Orange Ave., from the center line of McFadden St. to the center line of Myrtle St.  
The center line of Cypress Ave., from the center line of McFadden St. to the center line of Myrtle St.  
The center line of South Main St., from the center line of Fairview Ave., to the center line of Myrtle St.

The center line of South Sycamore St., from the center line of Fairview Ave., to 300 ft. North of West Camille St.  
The center line of Broadway, from the center line of Fairview Ave., to 300 ft. North of West Camille St.  
The center line of South Birch St., from the center line of Fairview Ave., to 300 ft. North of West Camille St.

The center line of Magnolia Ave., from the center line of Fairview Ave., to the center line of West Camille St., produced West.

The center line of South Flower St., from the center line of Fairview Ave., to 300 ft. North of West Camille St., produced West.

The sewer on South Shelton St., to be laid 26 ft. West of the East line of South Shelton St., from the center of West Bishop St. to the center of West Main St.  
The center line of West Bishop St., from 26 ft. West of the East line of South Shelton St., to 250 ft. West of the center line of Highland St., from the center line of South Bristol St., to 250 ft. West of the center line of South Flower St.  
The center line of South Flower St., from a point 26 ft. East of the West line of South Shelton St., to the center line of South Bristol St.

There shall be placed in position on the sewer lines to be constructed at points indicated on the plans as follows:

In addition to the above mentioned there shall be 49 service connections made to the sewers previously constructed by the City of Santa Ana, and at points indicated on the plans as follows: 8 to be located on South Bristol St., between Fairview Ave. and a point 1 mile North; 25 on Fairview Ave., between South Bristol St. and South Main St.; 14 on South Main St., between Fairview Ave. and McFadden St.; and 2 on McFadden St., between South Main St. and Orange Ave.

These service connections shall be made of a joint of 4-inch vitrified salt-glazed sewer pipe, firmly secured in a 45 degree position over openings made in sewer mains securely cemented with cement grout as used for making sewer pipe joints.

All of said work is within the district hereinafter described. Said sewers to be of vitrified salt-glazed sewer pipe including manholes, flush tanks, Y branch connections, excavation and work required for said connected sewer system within said district according to the plans and specifications for said sewers and work on file in the office of the City Engineer to which reference is hereby made, for a more particular description of said work.

That the said contemplated work or improvement, in the opinion of the said Board of Trustees, is of more than local or ordinary public benefit, and the said Board of Trustees by the said Resolution of Intention, made the expense of said work or improvement chargeable upon the district in said City, which the said Board of Trustees, in the said Resolution of Intention declared to be the district benefited by the said work or improvement and to be assessed to pay the costs and expenses thereof, which said district is more particularly described in the said Resolution of Intention.

The Superintendent of Streets is hereby directed to post and publish "Notice of Street Work" as required by law. "The Santa Ana Daily Evening Register" is hereby designated as the daily newspaper to be published and circulated in said City in which the said Resolution of Intention and the Superintendent of Streets' Notice of the passage thereof shall be published.

The City Clerk is hereby directed to publish this resolution by two successive insertions in said newspaper and to post the same for two days conspicuously on or near the chamber door of the Board of Trustees.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California entitled "An Act to provide for work upon Streets, Lanes, Alleys, Courts, Places, Sidewalks and for the construction of sewers within the City of Santa Ana," approved March 18, 1885, and the several Acts amendatory thereof, or supplementary thereto, also in accordance with the plans and specifications made therefor by the City Engineer of said City of Santa Ana and adopted by said Board of Trustees prior to the date of said Resolution No. 554.

For further particulars reference is hereby made to said Resolution of Intention No. 554 dated Feb. 27th, 1913, on file in the office of the City Clerk of the City of Santa Ana.

This notice shall be published for six (6) days in "The Santa Ana Daily Evening Register" being the newspaper designated by the Board of Trustees for such publication.  
Dated, Santa Ana, California, Feb. 27th, 1913.

R. H. ENGLISH,  
Superintendent of Streets of the City of Santa Ana, California.

NOTICE TO CREDITORS  
Estate of S. Hill, deceased. Notice is hereby given by the undersigned G. P. Hill, executor of the estate of S. Hill, deceased, to the creditors of, and all persons having claims against the said deceased, to exhibit the same with the necessary vouchers, within ten months after the first publication of this notice (which publication was first made on the 14th day of February, 1913, to the said executor of said estate, at his office at 213 East Fourth Street, in the City of Santa Ana, Orange, California, said place being the place designated for the transaction of business relative to the said estate in the County of Orange, Dated this 14th day of February A. D. 1913.

G. P. HILL,  
Executor of said Estate.  
W. H. THOMAS, Attorney for Executor,  
Opera House Block, Santa Ana, California.

(No. 20067, Dept. 2.)  
NOTICE OF SALE OF REAL ESTATE BY ADMINISTRATOR

In the Superior Court of the State of California, in and for the County of Los Angeles.

ceased, the undersigned, Frederick J. Mullen, as administrator of the estate of said deceased, will sell on Wednesday, the 12th day of March, 1913, or within six months thereafter, at private sale to the highest bidder, for cash, gold coin of the United States, and subject to confirmation thereof by said Superior Court, at the law office of Isidore B. Dockweiler, Esq., room No. 536 Douglas Building, situated at the northwest corner of Spring and Third streets, in the City of Los Angeles, County of Los Angeles, State of California, all the right, title, interest and estate which the said deceased, Arthur B. Mullen, had at the time of his death, and also any and all the right, title, and interest that the said estate has by operation of law or otherwise, acquired, other than or in addition to that of the said deceased at the time of his death, in and to the following real property, to-wit:

(7) That certain real property situate in the County of Orange, State of California, described as follows, to-wit: Lots Number Eighteen (18), Nineteen (19) and Twenty (20) in Block Nine (9) of Section One (1), Balboa Island, as per map recorded in Book 5, page 44, of Maps in the office of the County Recorder of said county;

(8) That certain real property situate in the County of Orange, State of California, described as follows, to-wit: Three Hundred Seventeen (317) of Huntington Beach, Seventeenth Street, Section as designated and delineated upon a certain map of said tract, recorded on page 19 of Book 4 of the Miscellaneous Maps, Records of said County.

Said property will be sold either in one parcel or in subdivisions. Bids or offers in writing for the purchase of all or any of the above described property, and deposits will be received at any time after the first publication of this notice and before the sale is made by the undersigned administrator at the office of Isidore B. Dockweiler, Esq., entrance room No. 536 Douglas Building, situated at the northwest corner of Spring and Third streets, in the said City of Los Angeles, County of Los Angeles, State of California. Such offers or bids may be left with Isidore B. Dockweiler, Esq., or the undersigned at said office. All bids must be in writing and accompanied by a deposit of ten (10) per cent of the amount bid. The purchase money must be paid in full to the undersigned administrator on the confirmation of said bids by said Superior Court. All such deposits will be returned to the unsuccessful bidder on the approval of the said sale, freed at the expense of purchaser.

AMUSEMENTS  
FRECKLES  
Coming

FROTHY FRECKLES  
Those who have read Gene Stratton-Porter's charming story, "Freckles," and loved the nameless waif for his manly spirit, his light wit, Irish lore, and her beauty and her chaste, womanly character, will meet no disappointment in the play.

"Freckles" is proving still a greater success as a play than has the novel, which has been read by over a million people.

It must not be understood that "Freckles" is a play essentially with a love motive, because it is not. There is plenty of action in the working out of its theme of the king that "makes the pulse beat faster."

The play is great in its simplicity, and the story is of absorbing interest and an estimable example of the value of doing right against all temptation.

A. G. Delamater's great scenic production under the management and direction of D. L. Martin with an exceptionally strong cast will be the attraction of the Grand Opera House next Saturday, March 1.

SPECIAL FOR SATURDAY

BATTLING NELSON WILL LOSE BRIDE

Unwilling to Share His Wealth,  
Young Wife Pines to Sever  
Recent Bonds

DENVER, Feb. 28.—"Wealth cannot compensate for a loveless marriage. I will not ask alimony. I don't want beautiful houses and money without love."

This was the statement today of Fay King Nelson, the wife of Battling Nelson, when she confirmed the report that she will sue Nelson for divorce. She was married a few weeks ago. She says Nelson is perfect as a friend, but "friendship is not marriage."

MRS. NELSON'S PARENTS TELL OF UNWILLING MARRIAGE  
PORTLAND, Ore., Feb. 28.—Jack King, father of Fay King, Battling Nelson's bride, expressed no surprise at the report that his daughter will sue for divorce. He said:

"Fay told us that when she left Denver with Nelson it was to come here to see us about the marriage. An hour after the train started she learned she was en route for Chicago, not Portland. When they arrived in Chicago she still refused to marry him, declaring she did not love him, but when he cried and threatened to kill himself and her, she consented, saying the worst. She never loved Nelson and never intended to marry him. She was a young girl in a strange city, with a half-crazed man imploring her to marry him. She took what appeared to be the easiest course."

UNIQUE NAME

Can You Pronounce Name of World's Most Famous CATARRH Remedy?

High-o-me—that's the proper way to pronounce HYOMEI, the sure-breathing remedy that has rid tens of thousands of people of vile and disgusting Catarrh.

Booth's HYOMEI is made of Australian eucalyptus combined with thymol and some listerian antiseptics and is free from cocaine or any harmful drug.

Booth's HYOMEI is guaranteed to end the misery of Catarrh or money back. It is simply splendid for Croup, Coughs or Colds.

Complete outfit, including hard rubber Inhaler, \$1.00. Extra bottles of HYOMEI, if later needed, 50 cents at Rowley Drug Co., and druggists everywhere. Just breathe it—no stomach dosing.—Advertisement.

## Doings In Social and Club Circles

### A NEW DEPARTURE

#### Women's Clubs Will Study Course Mapped Out for Forestry and Conservation

In connection with the increasing interest in national forests shown throughout the country, a course of study covering forestry and conservation has been mapped out for women's clubs this year. The practical methods of the United States Forest Service will be taken up, as the course is to be a very thorough one; and among the books which are to be read are "A Primer of Forestry" by Gifford Pinchot, "The First Book on Forestry" by F. Roth, and "The Forestry and Practical Forestry," issued by the department of agriculture.

In the United States little or no attention was paid to the protection and conservation of our wonderful natural forests until perhaps the last quarter-century. Now, after an existence of barely fifteen years, the Forest Service has grown to be one of the most important branches of the department of agriculture; and this contemplated line of study will be invaluable in promoting general realization of its work, methods, and real meaning—so little understood by many.

### Murray-Parker

The Orange Post: On Thursday evening, February 20, at the Presbyterian Church, occurred the marriage of two popular and estimable young people, Owen Murray, son of Mr. and Mrs. William Murray of El Modena, and Miss Gertrude E. daughter of Mr. and Mrs. C. F. Parker of North Tustin street. The church was beautifully decorated by the girl friends of the bride, with lilacs, tiny white roses and other white blossoms, mingled with greenery. After a song by Miss Edna Mathews, the bride and groom advanced to the strains of a wedding march and took their places, unattended, facing the officiating minister, Rev. W. A. Jackson, who pronounced the words which made them one.

After the ceremony, the bride and groom and the wedding guests drove to the home of the bride's parents, where an elaborate reception was held.

Mr. and Mrs. Murray are living at Orange Heights, east of Villa Park. They have taken no wedding trip as yet, but may do so later. Both are graduates of the Orange Union High School and have the respect and affection of teachers and pupils as well as the hearty good wishes of many other friends.

### Dr. Learned This Evening

This evening Rev. Dr. Learned, rector of All Saints Church, Pasadena, will preach at the Church of the Messiah at 7:45.

### Travel Club

The second section of the Ebell Travel Club will meet next Monday afternoon at 2:30 p. m. at the residence of Mrs. W. S. Peck, 711 East Third street.

### Birthday Party

A delightful birthday party was given last night at the home of Miss Neva Armstrong, 720 South Sycamore street, it being her fourteenth birthday.

The evening was spent with games and music, after which refreshments of ice cream and cake and popcorn balls were served.

The invited guests were Amy and Ada Lassen, Clara Duggan, Lois Smith, Ethel Roberts, Lucile Geyer, Lucile

Packard, Mary Smith, Vasthi Strausberg, Thelma Phipps, Helen Hargat, Mildred Heninger, Ireta Coulson, Chas. Geyer, Jack Johnston, William and Russell Johnson, Evert Cone, Sam Covington, Eugene Trago, Lee Eckley, Kenneth Coulson, Robby Armstrong.

She received a number of nice presents.

—O—  
**Luncheon for Mrs. Tomblin**  
Mrs. W. L. Tubbs today entertained with a delightful one o'clock luncheon in honor of her sister-in-law, Mrs. A. L. Tomblin, senior, who leaves soon for an extended visit in the east.

Maidenhair ferns and fresias were used in the pretty table decorations, a basket of the pretty flowers and greenery forming the centerpiece of the daintily appointed table.

Covers were laid for nineteen ladies besides the hostess and Mrs. Tomblin, the complemented guest. The guest list included Madame Wehrly, Mesdames Wm. Smart, H. C. Dawes, H. H. Reeves, Geo. Balderston, W. E. Winslow, Arthur Lyon, V. V. Tubbs, John Wehrly, C. E. French, L. J. Carden, I. D. Mills, Theo. A. Winbiger, C. S. Kendall, L. A. Collier, J. A. Stevenson, J. S. Wasser, John Tubbs, L. A. Collier, and Mrs. Griffith of Michigan.

### Torosas Welcomed State Officer

Torosa Rehearsal welcomed their state assembly president, Mrs. Jean Egan, on Wednesday night with an attendance of 200 members and visitors. Beautiful decorations were in evidence and eight fair young girls linked together with ropes of smilax twined with pink, escorted the guest of honor to the platform where she was introduced by District Deputy President Mrs. Sheets. A silver souvenir spoon was presented to Mrs. Egan by the lodge, Noble Grand Mrs. Allen making the address. Talks by Mrs. Egan and other visitors were made.

Five candidates were initiated and Mrs. Egan complimented the members of the degree team by inviting them to put on the initiatory work at the next state assembly.

Elaborately decorated was the banquet table where the company was entertained after the presentation of a beautiful way camellias by Mrs. George Ford to Mesdames Sheets and Lacy and Mrs. Egan. Other visitors who were present were former president, Mrs. Ada Madison, Miss Merrick of Long Beach and Miss Reynolds of Los Angeles. These ladies with Miss McClurg, Mrs. Leota Allen and Mrs. Walter Moore, Mrs. Egan and Mrs. Sheets were entertained at dinner by Mrs. Theo Lacy previous to the lodge meeting.

—O—  
**Merry-Go-Round**  
The Merry-Go-Round Club was most joyously entertained yesterday afternoon at the home of Mrs. John Ryan on Durant street. The membership of this club was well represented and they were well repaid for being present.

Besides the enjoyment of the interesting social chat that accompanied the swiftly flying fingers engaged in dainty fancy work, the ladies were treated to superior music rendered by the handsome new graphophone recently installed in the Ryan home.

Delicious refreshments were served by the hostess before the club members dispersed. Mrs. Bertha Wilson will be hostess for the ladies at the next meeting.

—O—  
**"Mix-Feed" is cheaper and more economical than any other feed on the market, because it costs less and goes farther. Only \$1.40 per 80-pound sack. Olive Mills.**

### VANCE-WAKEFIELD

#### Miss Joy Vance Becomes Bride of Arizona Man at Pretty Home Wedding

To her many friends here will come with pleasure the announcement of the marriage of Miss Joy Frances Vance, the youngest daughter of Rev. and Mrs. Thomas Vance, to Mr. William Wakefield, Jr., of Phoenix, Ariz.

In the presence of a small company of relatives and friends the marriage was solemnized last evening at the home of the bride's parents at 420 West First street.

It was a very simple though beautiful wedding, the ring ceremony being used. Little Audrey Alice Reeve, a niece of the bride, made a dainty ring bearer. Before the impressive ceremony which was read by the bride's father, Miss Mildred Church of Los Angeles sang "Oh Promise Me." The bride was simply gowned in white marquisette over satin.

The house was artistically decorated in yellow jonquils and fresias, with a touch of green foliage in the background, all suggesting the coming Easter season.

Following congratulations a sumptuous wedding supper was served on tables set in T shape. The large centerpiece was of violets and the place cards were of violet design with two tiny slippers suspended by white ribbons. A sprig of maidenhair fern with three violets were at each plate. Orange blossoms were scattered over the bride's table and the bride's cake was daintily decked. Pheasants ferns and large baskets of violets decorated the dining room. Covers were laid for twenty-five including the immediate family and school friends. After the wedding feast Mr. and Mrs. Wakefield left for an extended trip.

After May first they will be at home to their friends at Phoenix, Ariz., where the groom is a prosperous young business man, being a member of the Marvin-Wakefield Piano Company. The bride is well known here and best wishes for her happiness will be extended to her by her host of friends.

Before the wedding ceremony the bride couple and company were entertained by Mr. and Mrs. Lyman Tremaine with a pre-nuptial 5:30 o'clock chicken dinner at the home of Mrs. Shields.

## HOLDING UP INQUIRY IN MRS. RICHART CASE

### Sheriff Ruddock Proposes to Continue His Investigations--Psychopaths are Reported as Being Interested

With the arrangement practically perfected yesterday afternoon for a second conference with Mrs. E. C. Richart and county officials, Sheriff Ruddock decided at the last moment that he was in no hurry to again seek the confidences of the woman who wrote herself "blackhand" letters, but will await a few days before making any public announcement concerning his progress in the case. In the meantime Mrs. Richart declines to discuss her peculiar conduct or the mystifying and perplexing suspicions that have been aroused among police officials because of her insistence that she was attacked on her home place by masked ruffians two weeks ago.

When Sheriff Ruddock was interviewed by a Register reporter this morning, he said there was really nothing new to say in reference to the case, and that one of his reasons for not calling for Mrs. Richart again at this time is because Assistant District Attorney Koepsel is away from home. The latter is bound for San Francisco on official business. Upon his return, the sheriff intimated, he would renew the investigation in the case without cessation. This is not understood to mean that he is not going right ahead with his inquiry which he has been making ever since Mrs. Richart first appealed to him for "protection."

—O—  
**No More Statements**  
At their ranch home Mrs. Richart is incommunicado and her husband answers the door whenever a caller appears. To none except a few chosen friends will he give permission to enter. The only statement he will make is the following:

"It is true that my wife confessed to Postoffice inspector Wilson to having written letters of an unusual character to herself and to Professor Revell. If she wrote the letters then I can only attribute the act to a super-nervous condition brought on by overstudy of music."

"She has told me, however, that she confessed because the sheriff threatened to put her in jail and she feared the horror as well as the disgrace of imprisonment."

"Is it a fact that she was bound and robbed on the night of Feb. 15, as she informed the sheriff?"

"So far as I know, she was," said

## THREE BOYS RIDING MOTORCYCLE HALTED

Enjoying themselves spinning over the road on a motorcycle, three boys under the ages of sixteen years, were halted this afternoon at Myford, and their proposed jaunt to San Diego brought to a sudden and unexpected finish. They were taken into custody by Under Sheriff Law and Deputy Dean, and brought back to Santa Ana. They are being held temporarily at the Detention Home while Probation Officer Scott investigates their cases. The boys are Henry Halstead, Corvin Willets and Werner Pierce. Master Halstead said his father had allowed him the use of the machine, and Mr. Halstead corroborated this statement, but he added that the use of the machine was contingent upon Henry attending school regularly.

### CHANGE MADE IN TWO RURAL ROUTES

Today a change between R. F. D. Nos. 4 and 6 will go into effect. Twelve families hitherto delivered mail by the carrier of No. 4 will now get it from No. 6. This will better the service for a number of miles east of Old Newport. Under the former arrangement they had to go to the Old Newport corner to get their mail. Now their boxes will be stationed in front of their houses. One box will be changed from No. 6 to No. 4.

### CALIFORNIA BANKS ARE BUYING STATE HIGHWAY BONDS

SACRAMENTO, Feb. 28.—A wire was received by the California Highway Commission yesterday that the banks of Eureka would take \$100,000 worth of state highway bonds, several hundred thousand dollars' worth of which will shortly be placed on the market.

Banks in Los Angeles, Santa Clara and Stanislaus counties, either have purchased or have promised to buy bonds. The latest county added to the list is Humboldt.

### LIFE POSSIBLE ON MARS

BOSTON, Feb. 28.—Professor Lawrence J. Henderson of Harvard, a scholar of profound scientific attainments, indorses to a certain extent the world-known views of Professor Percival Lowell that the planet Mars is inhabited.

Professor Henderson says the abstract considerations support Professor Lowell so far as they indicate that there is no reason why life should not exist on Mars.

"There are certain characteristics of earth which may be regarded as specific," he says. "There were great quantities of water and carbonic acid in the atmosphere when it formed. The result will be general of any planet tendency to form oceans, lakes and streams. Wherever such a process exists life, if it once gets a foothold, can exist."

### YOUR FRECKLES

Need Attention in February and March or Face May Stay Covered

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The February and March winds have a strong tendency to bring out freckles that may stay all summer unless removed. Now is the time to use ointment—double strength.

This prescription for the removal of freckles is the discovery of an eminent skin specialist, and is so uniformly successful that it is sold by Wheeler & Mateer under guarantee to refund the money if it fails. Get an ounce of ointment—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.—Advertisement.

At a meeting of the Tustin Pythian Sisters to be held on March 7th at K. P. Hall, Grand Chief Mary D. Offerman will make her yearly official visit to Wistaria Temple. She is Grand Chief for the state of California.

**Whist Party**  
A very enjoyable whist party was given by Mr. and Mrs. Jno. Keiser last Saturday night. The cozy home was decorated in keeping with Washington's birthday and about fifteen guests were present. They were Mr. and Mrs. Chas. Artz, Mr. and Mrs. Arthur Hoefler, Mr. and Mrs. Harry Kendrick, Mrs. Frank Stearns, Misses Ethel Alderman, Alice Matthews, Edith Eva and Gladys Stearns, and Messrs Alton Alderman, Clyde Deardort and Penlon Matthews. In the contests the first lady's prize was won by Mrs. Chas. Artz, and the first gentleman's prize by Mr. Arthur Hoefler. Miss Eva Stearns and Harry Kendrick won the consolation prizes. Refreshments suitable for the occasion were served and every one very happily enjoyed the evening.

**Tustin "Y's"**  
The meeting of the Tustin "Y's" on Friday evening was held at the spacious home of Misses Ella and Emma Ave. This was a special Frances Willard and Lincoln memorial meeting. The following persons contributed to the program: Rev. E. W. Blew an interesting talk; Geo. Prather, a reading; Miss Lida Turner, a recitation; Alton Alderman, a musical number; Miss Evangeline Culley, a piano solo. The charming young hostesses made everybody welcome and all those present specially enjoyed the delicious ice cream and cake as well as the very interesting program.

**"Colonial Social"**  
The Christian Endeavor Colonial

social held at the church last Friday night was attended by about forty young people in spite of the rain. The program was carried out successfully and those who stopped for the weather missed a jolly good time.

**Domestic Science Luncheon**  
The meeting of the Domestic Science class of the Household Economics Section was held at the home of Mrs. H. Romer last Wednesday afternoon. A three course vegetable luncheon was served by Mrs. Romer and Miss De Long.

There were thirteen present and the following luncheon was served at the surprisingly low cost of 14 cents per plate:

Tomato soup with toasted cubes and parsley.  
Potatoes, olives, corn bread and safflower fritters.

A delicious salad of all kinds of vegetables: peas, carrots, celery, cabbage, etc., with mayonaisse dressing. Those present were Mesdames Romer, Cranston, Smith, Mitchell, Johnson, Preble, Leiby, Neeley, Adams, Sharpless and Beckman, and Misses Childs and De Long.

These ladies are truly learning to reduce those low cost luncheon demonstrations to a science.

**Santa Ana Painless Dentist**, 102 1/2 East Fourth St., Main 253.

## CHURCH NOTICES

**Church News**  
The regular services will be held at the Presbyterian church Sunday morning led by the pastor, Rev. E. W. Blew. Subject of morning sermon: "The Glory of the Second Mile." Christian Endeavor services at 6:30. Evening sermon, "Twelve Gates of Pearl."

**Advent Christian Church**  
Sunday 10 a. m. Sunday school; 11 a. m., communion with the subject: "What Think Ye of Christ?" 6:30. Young People's Meeting, subject: "God's Great Love." 7:30. "Remember the Patience of Job." Prayer meeting Wednesday evening. Special song service morning and evening. Pastor, R. B. Shannon.

## PERSONALS

J. W. Cornic of Los Angeles is visiting his sister, Mrs. E. Jackwood. Mrs. H. Brookbank and son have moved to the house on Second street vacated by the Trickey family.

Mrs. G. W. Pollard will visit Los Angeles next week to attend the meeting of the Presbyterial. Miss Elsie Wiley has been very ill, but is now convalescent.

Mrs. Mary E. Watson of Los Angeles spent the week end last week with Mrs. W. L. Shatto.

Verne Wheeler of Anaheim and Clarence Thomas, Buena Park, made a visit to their aunt, Mrs. De Long, last Thursday.

Mrs. E. W. Blew will go next week to visit Newport Beach for a couple of weeks.

**Planting Valencia**  
It is noticeable in many places around Tustin that orange and almond trees are being cut down and cleared away. It seems that the owners of the ground being cleared are going to set to Valencia alone. As a result of many experiments and much investigation by those who have made it a study and are considered experts, it is affirmed that within a comparatively limited radius this district is the finest soil and climate in the country for Valencia oranges.

**Choir Pleases**  
The young people's choir at the Advent Christian church last Sunday very much pleased the pastor and congregation by their unusually good singing.

**C. E.'s Study Expert Methods**  
The Christian Endeavor class for the study of Expert Endeavor methods met at the manse last Wednesday evening. There were about twenty present and splendid interest was shown, and the young people are beginning this study with enthusiasm.

**Sunday School Institute**  
On Tuesday afternoon and evening a Sunday School Institute will be held in the Presbyterian church under the auspices of Sunday school work of the Presbytery. Afternoon session at 2 o'clock and in the evening at 7:30. Former Pastor Butterfield and Rev. Paul G. Stevens will conduct the institute.

**Tustin W. C. T. U.**  
The Tustin W. C. T. U. met Thursday at the pleasant home of the president, Mrs. A. L. Shatto, a goodly number being in attendance.

The meeting was opened by the singing of "Holy Spirit, Faithful Guide" and "Stand Up for Prohibition." This was "Home Signal" day and the meeting was in charge of Mrs. Harry Lewis, superintendent of that department.

The devotions were led by Mrs. Lewis. Scripture reading from the thirty-fifth and seventh psalms being chosen. Mrs. Spence led and others followed with short prayer.

Action was taken recommending the Santa Ana W. C. T. U. in requesting Senator Anderson to withdraw bill 828, which discriminates against women as teachers in the public schools.

Mrs. Lewis had prepared a fine program on the "Union Signal" and it was much enjoyed by the ladies.

A "Union Signal Quiz" proved quite interesting. Various articles were read and helped to show the valuable reading matter contained in this paper, also the broad scope of material found in its pages. A paper well worth several times the price of subscription.

The home life of Mrs. Stevens was described. The class of advertisements appear in our best magazines of today, liquor advertisements having no place in most of them, showing the increase of temperance sentiment. Mrs. Shatto then very ably reviewed the Kenyon-Sheppard-Webb bill which prohibits shipments of liquor into prohibition territory. This bill is now in the hands of President Taft, having passed both houses by a large majority. A report that Taft would veto this bill was regretted as there are too many good people backing this bill for it not to go on the statute books.

Resolutions of sympathy were passed on the death of one of the friends of the W. C. T. U. who had often charmed the ladies with her sweet voice, Mrs. Mary Cooper Pickering, and a copy was ordered sent to her aunt, Mrs. Sarah Brown. The next meeting will be the annual election of officers and payment of dues.

## 10 GREAT POINTS To Consider

Before you make an investment in a piece of "Old Mother Earth" in California.

1. Location.
2. Soil.
3. Water Supply.
4. Climate Conditions.
5. Products.
6. Market.
7. Profits.
8. Cost.
9. Terms.
10. Methods.

If you carefully investigate the above ten points and find them safe, sure and satisfactory, you cannot go astray in making an investment. Now these are the very points we want you to investigate about the Yucaipa Valley. If you will make a one day trip with us, we will show you the whole proposition and let you decide for yourself. We want you to ask us any hard question you can think of to bring out the truth. The more you know about the Yucaipa Valley, the more you will like it. If you want to invest in a safe proposition and take advantage of a great opportunity, go with us on one of these little trips only 64 miles away, right here near home, and get valuable information. It is well worth while to see this big development, the new community of homes, ranches, irrigation, the young trees, churches, schools, stores, where everything spells opportunity. What a chance for home-seekers, for young men not afraid to work, for practical ranchers.

We are now organizing Santa Ana Orchards Company No. 2. This is for those persons who want to invest but are not ready to move to Yucaipa till later or who want to grow an orchard to sell later for a big price. The planting and care by an expert at a saving of one-third the cost by this simple co-operative method. Come at once and be one of the number. Three trips a week. Phone us and we will do the rest, 954 W. 504 North Main street, Santa Ana.

## LOS ANGELES PRODUCE MARKET

Vegetable receipts have been comparatively light the past few days, but should improve now that the storms are apparently over. The market on most of the vegetables has firmed, except in a slight decline of potatoes and onions. A good shipment of Mexican peppers and tomatoes arrived. Asparagus is on the downgrade, and should be considerably cheaper soon. Receipts have been a little lighter the last few days. The rain should be of benefit to the crop.

Apple receipts were heavy, particularly from the northwestern regions. The continued large receipts of the fruit have proved a matter of surprise to many of the dealers. Prices continue about as low as they can be. Two cars of Hawaiian bananas were received at one of the produce houses, and large shipments from the Central American districts continue. The citrus market remains rather featureless.

Fair weather and larger receipts apparently caused a decline of 2 cents in ranch egg prices. Lower prices are expected in a short time. A slight reaction is not impossible, however, if for any reason receipts of the next few days should be light. Butter and cheese receipts were not large. The market remains steady.

Reported receipts were: Eggs, 869 cases; butter, 22,052 pounds; cheese, 269 pounds; potatoes, 367 sacks; onions, 306 sacks; beans, 3 sacks; sweet potatoes, 59 sacks; apples, 3257 boxes.

**NOTICE**  
In the Superior Court of the County of Orange, State of California.

In the Matter of the Estate of W. G. Wells, deceased.  
To George R. Wells, administrator of the estate of W. G. Wells, deceased, and all parties having an interest in said estate:  
You and each of you will please take notice that whereas, the said George R. Wells, petitioner, has heretofore filed and presented a certain petition praying among other things, for an Order of the Court for the conveyance to F. B. Dyer, the following described property, to-wit:

All that certain lot or parcel of land, situate in the County of Orange, and State of California, and bounded and particularly described as follows, to-wit:

"The South two-thirds of the East half (E 1/2) of Lot Five (5) of the East Side Addition to Santa Ana, as per map thereof, recorded in Book 1, page 21, of Miscellaneous Record Maps, Records of Orange County, California, containing Two (2) acres, more or less."

Now therefore, you are notified pursuant to an Order heretofore entered herein on the 13th day of February, 1913, that Friday, March 14th, 1913, being a regular term of said Superior Court at ten o'clock in the forenoon of that day, or as soon thereafter as the said petition can be heard, in the Court House, in the City of Santa Ana, County of Orange, State of California.

Said petition will be heard when and where all parties interested as creditors, devisees or persons representative of said W. G. Wells, may appear and show cause why, if any they have, or can show it, the prayer of said Petitioner should not be granted.

Attested by Clerk of said Superior Court on the 13th day of February, 1913.

(Seal) W. B. WILLIAMS,  
County Clerk, Orange County, California.

### LIVELY BUILDING OPERATIONS IN SANTA ANA

Big Brick Business Blocks to Be Erected and Improved During March

SANTA ANA REALTY ATTRACTS INVESTORS

New County Building Will Also Be Model for Other Parts of the Country

Brisker building conditions prevail in Santa Ana at the close of the present month than was the case at the corresponding period one year ago. Close to three-quarters of a million dollars in new business blocks and handsome homes is the record for the past twelve months; and today the prospects for a grand spring opening were never better or brighter. The past week has seen a slight flurry in the demand for further improvements in the building line, as well as marked activity in the real estate market. The sale of the Mayberry ranch of 377 acres reported early this week, was perhaps the largest sale of the month. Another big deal was that made by the syndicate for which S. J. Jackman has been operating, and which has acquired the Thomas and Chilton property at Sixth and Main streets for a hotel site. Today F. H. Fowler has the permit for the commencement of work on the

new theater at Third and Spurgeon streets. As announced in the Register last evening the Farmers & Merchants National Bank will shortly make extensive improvements in that property at the southwest corner of Fourth and Main streets. Several thousand dollars will be expended in this work. Ira Chandler & Son will erect a modern and substantial garage on West Fourth street opposite the Richman hotel which will be both a thing of beauty and convenience. John Wesley Wisdom has already taken a five-year lease on the property. The West End Garage company is also engaged in many alterations and improvements on its attractive place at 618 North Main street. This work will be done by Contractor J. O'Brien. Another interesting building operation is that planned by Mrs. L. B. Fine who will erect a 5-room bungalow at 311 West Tenth street that will cost not less than \$1500. This contract has been awarded to G. R. West. Soon actual operations will be begun on the new county hospital. The supervisors will at an early date call for bids for construction. The hospital is to be built on the new County Farm site at the west end of Chapman avenue. As already outlined in the Register it will be of modern classic design and will measure 90x45 feet. It will have two stories and basement, the exterior walls and main bearing partitions of which will be of reinforced concrete. The first floor will have the County Physician's reception and consulting rooms, matron's quarters, three insane wards, diet kitchen, men's ward and two private wards. On the second floor will be an operating room, etherizing and sterilizing rooms, rooms for electric treatment, maternity ward, each for seven beds, and one private ward. On the roof will be a solarium, roof garden and pergola. A comfortable dining room, kitchen, store rooms, furnace, etc., will be located in basement, and suitable baths, lavatories, etc., will be arranged for on each floor. An efficient method of heating and ventilating will be installed to every room throughout the building and everything requisite to make this building conform to the most modern developments of hospital design. This building is arranged so as to form an Administration Building of a complete hospital scheme when additional wards are required. Santa Ana Painless Dentists, 102 1/2 East Fourth Street, Main 2nd.

### CUT OUT EYE-BALLS WITH PENKNIFE

A. J. Heinn of Ocean Park Renders Self Totally Blind While Held in Jail

LOS ANGELES, Feb. 28.—Because he "feared to look his friends in the face and lacked the nerve to commit suicide," A. J. Heinn, aged 46, of Ocean Park, lay in a cot in the city jail and slashed out his eyeballs with a penknife. He will be totally blind. He was held in jail on suspicion from midnight, when he mutilated himself, until daylight, when he was found by a trusty, he lay on blood-soaked blankets, suffering terrible agony. He was rushed to the hospital, where his injuries were dressed. The police claim he had been drinking heavily. At the hospital he said: "I wanted to punish myself. After cutting my eyes, I felt at peace with the world for the first time in years."

### BABY DESTROYS MOTHER'S ENTIRE SAVINGS OF \$1200

STOCKTON, Feb. 28.—Mrs. M. Gruesky sobbed over her story of a baby's prank that cost her entire savings of \$1200, to a local bank today. Her baby son found a roll of bills in its hiding place, and dropped it into a bucket of chloride of lime. She presented the bills all bleached white, with no denomination marks visible. The bankers say there is no hope to secure a government refund.

FOR SALE Fine upright piano, used. Very cheap. Easiest terms. BARTLETT MUSIC CO.

### SNOW FROM CHICAGO EAST TO ALBANY

Telegraph Service and Traffic Badly Crippled—Snowfall Lasted Thirty Hours

CHICAGO, Feb. 27.—Snow, which began falling between 5 and 6 o'clock Tuesday evening and constantly threatened to turn to rain, continued without intermission all Tuesday night, all day Wednesday, and at midnight last night had not wholly ceased, although the fall had become very light. This fall of almost thirty hours' duration constitutes the greatest of the winter in this territory, and from reports from various sections, the snow is general all over the middle west as far east as Albany. Telephone and telegraph service in and out of the city was seriously crippled. Eastern wires were in particularly bad condition, while in many of the surrounding suburbs communication practically was impossible. The regular amount of business was advanced by thousands of calls which necessitated a 25 per cent increase in the operating force. Hundreds of linemen and repairmen looked after disabled wires in almost every section of Chicago. Traffic was demoralized, and in many places the streets were all but impassable. Hundreds of telephone girls were housed in the downtown hotels last night. Their bills were paid by the telephone company. Colder weather from the northeast, accompanied by snow, was the prediction for today.

### MORGAN CO. DEFENDS ITS MONEY SYSTEM

Declares Country's Financial Ills Are From Worn-out Banking Methods

WASHINGTON, Feb. 28.—The Morgan company has filed a statement with the house money trust investigating committee defending its methods in handling money. It declared the country's money ills are the outcome of the clumsy, worn-out banking systems and declared the committee was spending its time in trying to piece out a money theory that is impossible of demonstration.

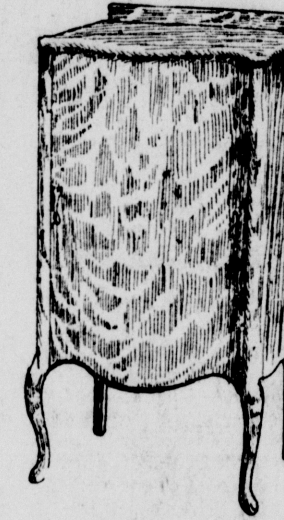

**No Need to Stop Work**  
When the doctor orders you to stop work it staggers you. I can't, you say. You know you are weak, run down and failing in health day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system, to prevent break-down and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c, at all druggists.—Advertisement.

### BIG LEOPARD SHARK TAKEN AT NEWPORT

NEWPORT BEACH, Feb. 28.—A trio of fishermen from Orange had the excitement of their lives here for a time yesterday when they hooked a leopard shark that gave them about all they wanted to do before they landed it ashore. The fishermen were J. H. Heenan, C. Ruehle and G. W. Auch. They were having fair luck with catfish when one of them felt a ferocious tug at his line and was almost jerked into the ocean. He was true to his Isaac Walton instincts, however, and he gave out line like a lightning artist, and then in a few moments the tussle was on. It was only after a hard battle that the monster of the deep was caught and killed. It measured four feet, three inches, and weighed fifty pounds.

## ATHLETIC MEET TO COME OFF SATURDAY

Whittier High School Cracks  
Coming to Santa Ana to  
Capture Honors

### STRONG TUSSLE FOR ALL FIRST PLACES

Santa Ana Representatives Are  
Reported in Prime Form  
For All Events

On account of the recent rain at Whittier, the high school athletic meet scheduled to be held in that city has been changed and will be held in Santa Ana. The local park is in fine shape and a last chance will be given to see the Santa Ana team before the county meet.

The Whittier team is strong in the sprints, high jump and shot-put and is quite well balanced in other lines. In the 50, 100 and 220 yard events, Santa Ana will enter Criddle, Robinson, Fahy, Foutz and Damron, and at least 10 out of the possible 27 points should be annexed. In the 440 yard and 800 yard events, Adkinson won the quarter in 55 flat last Saturday on a very slow track. This is a new race for Captain West, but he is expected to show well. In the 880 and mile, Adkinson, Keech and Osterman will be pitted against the Quakers.

The hurdles and the pole vault look all Santa Ana, although if a newspaper report of some days ago is true, St. Johns of Whittier is clearing 10 feet, 2 inches. If this is true, West will have to extend himself and Foutz will have to do a little pole climbing if the eight points are coming to Santa Ana.

The high jump seems to be regarded as promising to be the best event of the day. Whittier cleared 5 feet, 7 3/4 inches Saturday against South Pasadena. If this feat is repeated, Ed Anderson will have to repeat his feat of clearing 5 feet, 8 1/2 inches to win. Shorty Smith and Tom Lacy are good for 5 feet 5 1/2 inches.

Woodruff seems to be Santa Ana's best bet in the broad jump. He is a good, consistent 19 feet, 6 inches man, and sometimes when the conditions are all favorable, he leaps 20 feet or so. As mates in this he will have E. Fahy with a record of 19 feet, 2 inches; West, 19 feet, 6 inches, and Jacques, 19 feet, 9 inches.

In the shot put is the local weak spot. Shorty Smith put the pellet 35 feet, 7 inches last Saturday, but this does not satisfy. West put it 39 1/2 feet at San Diego, but only got third place. It is hoped that either these men will improve or some black horse will creep out and endanger "Tiny" Barker's record of 43 feet, 7 inches.

In Clapp, Santa Ana has her first real discus thrower. Clapp has records of 165 feet, and is always good for 100 feet. The relay team will be picked from Foutz, Smith, Fahy, Robinson, West, Damron and Lacy.

## STATE HIGHWAY BONDS TO BE TAKEN UP BY ORANGE COUNTY BANKERS SHORTLY

Eighteen Million Dollar Project Receiving Careful Attention of Santa Ana and Other Interested County Financiers

While the county highway commissioners are in Bay City today viewing the various aspects in connection with their hopes of having the \$18,000,000 state highway run along Main street in that city, although the Pacific Electric Railway company is anxious to have a franchise to run its cars over the same thoroughfare, the bankers of Santa Ana and other parts of Orange county are figuring upon the probabilities and possibilities of affording financial assistance to the state in this great highway construction scheme by taking an allotment of the improvement bonds.

President Zimmerman of the Orange County Savings & Trust Company, is taking an active interest in the proposition, and he is having the active co-operation of his associates in financial circles. It is admitted, however, that the recent freeze in some sections of the citrus belt, is having a somewhat depressing effect upon the proposal to have the local bankers buy large blocks of the bonds, which pay but four and a half per cent interest. Money is worth considerably more than this at the present time. However, the bankers of Orange county within the next ten days will consider arrangements to take up the amount of the state highway bond issue necessary to construct the section of that highway which falls in Orange county, according to F. C. Krause, cashier of the First National Bank of Anaheim.

This purchase will be made, if made at all, says Mr. Krause, with the understanding that the state highway commission is to push the road through this county at once with the money derived from the sale of the bonds to the Orange county bankers. It has been estimated that the amount of bonds that this county would be required to handle would be about \$400,000.

## YORBA LINDA NEWS AND GOSSIPY NOTES

YORBA LINDA, Feb. 28.—The beautiful home of Mr. and Mrs. J. W. Newell was the scene Saturday night, Feb. 22, of lights, music and laughter, when the "Jolly 500 Card Club" met there for supper and cards. The head prizes were awarded to Mr. and Mrs. Geo. Taylor, while the consolation went to Mrs. Gertrude Welch and Mr. Welch.

R. A. Sparks and family have moved onto their new ranch, formerly owned by R. D. Jones.

Mrs. E. R. West returned home Wednesday. Mr. Milhouse, her father, will now make his home with her.

G. H. Corbitt and son Hoyt, have returned from a trip to Los Angeles, Long Beach, Colton and San Bernardino.

Mrs. J. F. Hennessy has sold her ranch to Los Angeles parties.

The Women's Federation met with Mrs. Trueblood last Thursday. Election of officers took place and the following were chosen: President, Mrs. Lillian Zugley; vice president, Mrs. Trueblood; secretary, Mrs. Brooks; treasurer, Mrs. Armstrong. The next meeting will be held at the home of Mrs. Lynn.—From the Fullerton Tribune.

If you have a combination roof that is leaking or rusting out, now is the time to have it repaired. The Richelieu Paint Store, 433 W. 4th St.

## NEW THEATRE AND TALK OF ACTIVE CLUB

The official permit for the erection of a two-story brick theater to cost not less than \$10,000, was issued yesterday afternoon by Building Inspector Roper to J. A. Fowler.

This is the new amusement project that has been under consideration for some time past. The structure will be at 305 Spurgeon street, the building to adjoin the proposed big swimming pool at the northeast corner of Third and Spurgeon. There is also some talk of having an athletic club located in the new structure, if a movement in that direction receives sufficient support.

If the athletic club proposition meets with approval, the swimming pool will be located on the ground floor and the athletic organization's headquarters would be on the second floor adjoining the theater.

### Fears Delay

Mr. Krause declared that there is likely to be delay in the road building because the state is unable to sell all of the \$18,000,000 bond issue, and that even when it is sold, there will be a shortage of funds, so that the section last to receive attention is likely to receive no roads at all. He urged this as one reason why the Coast Boulevard Association should take no action against the highway commission in the matter of routing the road through Orange county.

The first consignment of money, \$4500 of the \$25,000 voted by the citizens of Imperial county for good roads, has been paid over to the supervisors of that county, according to messages just received in this city by President G. W. Wilder of the Ocean-to-Ocean Highway Association. The money will be used in building the ocean-to-ocean highway between Brawley and Mecca.

The supervisors of Imperial county several weeks ago decided to spend some \$25,000 on the roads and had planned to put all of the work on the proposed line between El Centro and San Diego. The Brawley men, however, threatened injunction proceedings, and the result was a compromise was effected.

The appropriation just made by the supervisors will be used on the stretch of road between Mecca and Brawley, a distance of about twelve miles. This section of the highway in that county is one of the worst along the highway and when it has been completed, as well as that through the Mammoth Wash, the roads leading from Redlands to Yuma will be in splendid condition.

## WELSHMEN WILL BE CELEBRANTS TOMORROW

Saturday, March 1, is Saint David's day, and the Welsh people in Southern California will celebrate the anniversary of their patron saint by holding a meeting in Blanchard hall, Los Angeles. There will be a musical program and an address by Col. G. J. Griffith. A committee will be selected at this meeting to extend a welcome in the form of a reception to Hon. D. Lloyd-George, chancellor of the exchequer of Great Britain, who is expected here in the near future.

## ANAHEIM FORMS PROTECTION DISTRICT

Property Owners Agree Upon  
Boundaries and Will Now  
See Supervisors

ANAHEIM, Feb. 27.—The beginning of the end in the protection district agitation was sighted at the board of trade meeting Monday night, when a petition to the Orange county supervisors asking that a protection district be formed, was presented for the approval of the board. V. U. Simpson, chairman of the committee having the matter in charge, presented the petition for approval and with it a map of the proposed district.

The map was gone over at some length, and A. A. Mills, who went over a large part of the boundary of the district explained the map. Hills and high places which are not subject to overflow from the river were left out of the district and only low lands which are liable to overflow from the river were included within the boundaries of the district. Roughly the line follows the northern bank of the river from a point in the Santa Ana canyon north of Olive to the Newbert protection district and thence down to near the ocean.

The line extends along the base of the hills north of Fullerton and westward to near Northam where it strikes the Los Angeles county line and follows this to within about four miles of the ocean and then turns in a southeasterly direction and joins the other boundary near Sunset Beach. The Bay City hills and the high ground near the Huntington Beach sugar factory are left out of the district and the boundary in no place reaches the ocean. The route of the line had been gone over by City Surveyor Steward and members of the board of trade and all disputed points verified.

This petition will be presented to the county supervisors at their next regular meeting.

### DR. RUSSELL RESIGNS

ALBANY, Feb. 28.—As a result of the scandal over the alleged attempt of counsel to free Harry Thaw from Matteawan Asylum, Dr. John W. Russell, Matteawan superintendent, has resigned.

## FRUIT GROWERS AROUSED IN OPPOSITION TO PROPOSED 8-HOUR LAW AMENDMENT

Southern California Members of State Legislature Hear Vigorous Arguments Against Changing Present Conditions

Following immediately upon the action of the citrus fruit growers of McPherson Heights in protesting against amending the present state law relative to the employment of women only eight hours each day, but which permits their working in perishable fruit for longer periods, the members of the California state legislature who reside south of the Tehachapi mountains assembled in conference in Los Angeles yesterday and heard strong protests voiced against the proposition. The Register last evening printed the report of the McPherson Heights Citrus Fruit Association, which went on record as opposed to prohibition by enactment of the legislature the employment of women in working in fruit fields and packing houses more than eight hours a day.

The view taken by the citrus men is shared by the growers generally. G. Harold Powell, manager of the California Fruit Growers' Association, spoke in opposition to the movement to apply the provisions of the eight-hour law to women employed in the fruit packing industry. He took the position that the citrus crop must be handled in a comparatively short space of time and that an eight-hour arrangement would tend to cause much hardship, not only to those who are engaged in this business, but to the women who are employed by them.

Mr. Powell said that of the 6000 persons employed in the packing houses 3,000 are women, and that the latter are able to earn from \$1.75 to \$5 a day during the packing season. Many of these women, he declared, depend upon their earnings during the five months in which they usually are employed to keep them the remainder of the year. He pointed out that the work of the men and women is interdependent, and that for this reason it would be impossible to restrict one without restricting the other. If the eight-hour law is extended to apply to those women, therefore, it would mean either a lowering of wages, because of the necessity for two night shifts, or the replacement of the women with men.

Must Care for Fruit  
Carl McStay, representing the packers and canners, said:

"The sun observes no eight-hour law in the great fruit-producing sections of this state," said McStay, "and the sun has been known to

work overtime, and the ripened fruit must be cared for or it will perish. Conservation is one of the five questions of the present day and the waste which must essentially follow the establishment of an eight-hour day in the fruit industry will benefit no one, but, on the other hand, will damage the women employed in that work and ultimately increase the cost of the products of that industry to the consumer."

He said that white help is now too scarce for the proper handling of the fruit crops, and to curtail the available supply necessarily means the employment of Asiatic labor. The same conditions which have created a demand for shorter hours for women and children, particularly, in other industries do not apply to the canning and fruit industry, as no sweatshop conditions exist in this industry, all the work being done either in the open air or open sheds. The passage of this law will work comparatively little hardship to the canners or packers, according to McStay, as they will merely refuse to receive any more fruit than they can conveniently handle. The loss, he said, would fall upon the growers and the help employed. As the helpers work entirely by piece-work they are not required to work any given number of hours. In many of the establishments, he said, the women are permitted to work less than eight hours a day during the fruit season.

Agitators to Blame  
"Union labor and Socialists are behind this bill," said McStay, "and are doing all in their power to shove it through against the wishes of the women employed in the various canneries throughout the state. None of the labor unionists or Socialists who are backing this measure are employed in the industry and none of them are familiar with the needs of such industry or its workers. I sincerely hope the Southern California legislators will stand up like men and vote against the measure, which, if enacted into law, would do great harm to the citrus fruit industry."

Woman Defends Bill  
Mrs. Charles Farwell Edson, deputy state labor commissioner, spoke in favor of the bill. She said that it was almost criminal to work a woman more than eight hours a day even if the woman wished to labor longer. She warmly defended the bill, but admitted that she knew very little about the needs of the fruit-canning and fruit-packing industries.

## CORPORATIONS FACE TROUBLE ON TAXES

There are nearly 3000 of the 9900 corporations who must make a return of the year's net income to the sixth international revenue collector who had not made such return at the closing of the office of Collector Claude I. Parker last night, although tomorrow is the last day such returns can be made without liability to heavy penalty.

The law will be enforced against all who have not complied with its provisions. The tax of 1 per cent applies only to corporations whose net annual income amounts to \$5000 or more. Penalty for violations is an addition of 50 per cent, and if the delinquency is continued the corporations are certified to the District Attorney for prosecution.

For the accommodation of patrons Collector Parker will open the office in Los Angeles at 8:30 a. m. and close at 5:30 p. m. today and tomorrow.

## PICTURES OF OLD MISSION FOR C. OF C.

Rarely beautiful pictures, new photographs of the famous old mission at San Juan Capistrano, have been presented to the Santa Ana Chamber of Commerce by Rev. Father St. John O'Sullivan, the well known and popular priest in charge at the historic edifice.

There are eight of these photographs, each representing a different later-day view of the old sacred building; and each has an impressive beauty that is not easy to describe. There is an artistic touch to all the pictures that makes them unusually attractive.

Secretary Metzgar of the Chamber of Commerce will present the pictures to the civic organization at the regular meeting of the board of directors which will be held next Wednesday night.

## GOING TO FIGHT THE BLUE-SKY MEASURE

Assemblyman H. V. Weisel  
Sees Some Scraps in Store  
for the Next Session

### MARRIAGE LAWS ARE A PROBLEM

Anaheim Legislator Expects to  
Make an Investigation  
Into Salaries

"There is going to be a blue-sky law passed by the legislature," said Assemblyman Weisel at Anaheim yesterday. "Of that there is no doubt. From what I hear I am satisfied that the measure as put in in January will have to have a couple of amendments. A hard scrap is going to be put up against the blue-sky law, especially by the Los Angeles sub-division who have not been doing business on the square."

Assemblyman Weisel has his office carpeted with collections of bills that were introduced at the last session and which will come up for action at the next session, which begins on March 10. Weisel has the bills segregated so that he can turn to those desired when inquiry is made.

"There will be a good many hard fights in the next session of the legislature," continued Weisel. "The Torrens land act is going to pass, though the title companies are putting up a hard fight against it."

"There will be some changes made in marriage laws. Some of those that have been introduced are so extreme that they will not pass as they now stand. At the request of Dr. Doyle of Santa Ana I introduced a measure requiring a certificate from applicants for a marriage license to secure a certificate from a physician before the marriage license is issued, the certificate to show that the applicants are free from tubercular and some other serious diseases. I don't have any idea the measure can be passed with such severe requirements as it now has. I don't think the legislature will stand for it. However, I think some measure of that kind will be put through."

"I favor a law requiring that notice in advance be given by applicants for a marriage license. I am not particular about the period that must intervene between the giving of notice and the getting of the license."

"A measure has been proposed for amending the divorce laws requiring that two years pass after an interlocutory decree of divorce is given before a final decree is given. At present but a year need intervene. I am opposed to making any such change in the divorce law. If it was not for the fact that residents of other states would come here and take advantage of our law, I would favor having the final decree entered as soon as the court entered judgment for divorce."

"The county salaries bill was put in by Senator Anderson and me with the full understanding that some amendments would likely be necessary. I expect several changes will have to be made. As yet I have not been able to make a personal investigation into the compensation of the county officers. It is probable that Senator Anderson and I will get together soon and settle on some plan of going into that matter. So far as I now see it, I favor the consolidation of the offices of tax collector and treasurer."

# Business Stationery

If the function of a letterhead ended with the mere carrying of a message from one man to another, then wrapping paper would be good enough for business stationery. But pride enters. Some men feel "the best is none too good for them;" others develop their taste by studying the bank balance. Even these latter folks never quite get down to wrapping paper.

And yet pride, though it often saves the day, should not become the basis upon which to buy business stationery. What you think about your stationery isn't quite so important as what the man you write to thinks. He is the one to be influenced by the stationery, and the message it will carry. Pride and parsimony should be eliminated, and a consideration of what will appeal most to the men that are to receive the letters should alone guide in the selection of modern business stationery. What a man thinks about your proposition is just as important as what is actually true about it. Influence is just as necessary as argument. The more important the proposition the greater the necessity for faultless presentation. The use of REGISTER LINEN BOND for your stationery places it above reproach. So whether you use REGISTER LINEN BOND depends not entirely upon the pride you take in your business, but upon the esteem you would have others hold for it.

## COMPENSATION FOR CANAL EMPLOYEES

Taft Draws Up System to Provide For Those Injured In Course of Work

WASHINGTON, Feb. 28.—A carefully drawn system of compensation for personal injuries of Panama canal employees is embodied in an executive order promulgated Wednesday by President Taft, to take effect after March 1. The Panama canal act, passed last August, directed the president to provide the method for adjusting the claims of employees.

Every canal employee and family dependent upon him are insured against the result of injuries received in the course of his work, without reference to questions of contributory negligence or any of the other restrictive rules of the common law limiting the liability of the employer in such cases. Every injury received while at work, and death resulting from such injury are compensated for except injuries caused by the employee's willful intention or his intoxication. The president's order was drawn in the light of the report of Senator Sutherland's commission on workmen's compensation.

Stimson Is Pleased  
"This measure," said Secretary of War Stimson, discussing Mr. Taft's order, "for the first time brings the federal government abreast of the most advanced thought and the experience of other countries in dealing justly with its employees at a time when they and their families are most in need of justice; namely, when they suffer the hardships of injury or death inevitable in the course of modern undertakings. Such a scheme of compensation as is provided in the order just promulgated by the president gives the employees and their families the needed sense of security for times of stress."

Surprise Your Friends

## UGH! HOW CHILDREN HATE CASTOR OIL

Delicious "Syrup of Figs" Best to Cleanse Their Little Clogged Bowels

Look back at your childhood days. Remember the physic that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. The day of harsh physic is over. We don't force the liver and 30 feet of bowels now; we coax them. We have no dreaded after effects. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their little stomachs and tender bowels are injured by them.

If your child is fretful, peevish, half sick, stomach sour, breath feverish and its little system full of cold; has diarrhoea, sore throat; stomach-ache; doesn't eat or rest well—remember—look at the tongue, if coated, give a teaspoonful of Syrup of Figs, then don't worry, because you surely will have a well, smiling child in a few hours.

Syrup of Figs being composed entirely of luscious figs, senna and aromatics simply cannot be harmful. It sweetens the stomach, makes the liver active and thoroughly cleanses the little one's waste-clogged bowels. In a few hours all sour bile, undigested fermenting food and constipated waste matter gently moves on and out of the system without griping or nausea.

Directions for children of all ages, also for grown-ups, plainly printed on the package.

By all means get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna" prepared by the California Fig Syrup Co. Accept nothing else.—Advertisement.

—In order that those attending our opening Saturday, March 1, may note the style effects of the new spring millinery, we have secured the services of Miss Luella Donaldson, who will pose in the different styles. The Misses Rutherford.

## INTERESTING NEWS OF WESTMINSTER

Social Doings Among the Live Residents of This Up-to-Date Thriving Community

WESTMINSTER, Feb. 28.—The Happy Workers Society of the Presbyterian church gave a chicken supper at the I. O. O. F. hall on Friday evening. The house was crowded and 160 partook of the spread and enjoyed the social hour. The net proceeds will be used for the church.

Mrs. Guy Mansperger entertained at dinner on Wednesday evening as a surprise to Mr. Mansperger on his birthday. The guests were the immediate relatives and Mrs. Sophia Bacon of Grand Rapids, Mich.

Orel Hare and wife made a trip by auto to San Bernardino on Sunday and owing to the rain were obliged to come back by way of Los Angeles.

The Huntington Beach high school auto bus met with an accident on Friday evening on the way to this place. Owing to the rains the road was slippery and near the James McMillin place the bus ran into the ditch and had to be left there. On Saturday morning Mr. McMillin pulled it out with a team of horses.

Herbert Phelps of San Dimas came down on Sunday to see his father, E. C. Phelps, who is sick at his home here.

Jacob Walton of Huntington Beach, while on his way to Stanton took sick on the S. P. train and was removed to the home of his daughter, Mrs. James McFadden in this city.

Earl Frost, of Los Angeles, spent Sunday with his parents, Mr. and Mrs. Harrison Frost.

Mrs. W. H. Burns and children of Long Beach is spending the week with her parents, Mr. and Mrs. J. C. Murdy.

Mr. Isaac Gilbert, of Lockland, Hamilton county, Ohio, arrived Tuesday at the home of Rev. W. T. Wardle.

Mr. and Mrs. Frank Watson are spending the week with friends in Los Angeles.

Rev. R. R. Raymond, of Santa Ana, preached at the Methodist church Sunday morning to a large and appreciative audience.

Geo. Abbott spent Saturday and Sunday in Los Angeles.

Itasca Craig, who is attending school in Santa Ana, spent the week end with her parents, Mr. and Mrs. J. C. Craig.

Misses Rhea and Flossie Murdy spent a few days with friends at Perris.

Guy Mansperger, who bought the R. R. Raymond store about a month ago, sold it to J. C. Murdy on Saturday.

The Happy Workers of the Presbyterian church met with Mrs. Geo. Francis on Wednesday afternoon.

The Misses Anna and Mary Clark, of Santa Ana, spent the week end at the home of Harry Penhall.

Mrs. W. M. Scott, of La Junta, Colorado, is visiting with her old school friend, Mrs. Emma Shaw.

Rev. W. T. Wardle spent Monday in Los Angeles.

## CHURCH ACTIVITIES AROUND FULLERTON

Baptists of Two Communities Are in Friendly Contest For Members

FULLERTON, Feb. 27.—Members of the Baptist Sunday school here are engaged in a friendly contest with the school at Corona of the same denomination, each trying to surpass the other in the record made week by week for attendance, promptness, number of new scholars, collection and church attendance. Attendance is the largest in the history of the schools.

The Madison ranch of seven and one-third acres has been sold to John Hoffman, who recently disposed of his Orangeflower ranch to a Mr. Key of Canada. The ranch is highly improved. It is reported that the purchase price was \$15,000.

Rev. F. R. Holcomb, a pioneer resident of Fullerton, has moved into the new residence recently completed for him on East Commonwealth avenue, having disposed of the ranch west of town, where his home has been for twenty years or more. Holcomb says he will now pass up the farming proposition to younger men and proceed to take life easy.

Rains during the past week have interfered with the work which has been begun on the main pipe line for the new city water system. The pipe is of 12 inches diameter and several carloads of it have been strung along the road northward from the wells. The line will be laid to the reservoir site north of town. A steam power-ditcher is used to dig the trench in which the pipe is to be laid, and half a mile or more of the trench had been dug when work was suspended on account of the wet weather. H. Gould is the foreman in charge of operations here for the contractor, D. C. Vincent. The Christian Science congregation is occupying its new church on Amegize avenue.

The Farmers' Club of La Habra has

# Layne-Bowler Pumps

Lack of rain will mean little to you if you are relying on a Layne-Bowler pump for your water. There will be no sleepless nights, no days of worry—because your pump will always work when you want it to. And there is no danger of breakdown—no going down into the pit to oil bearings—no death trap in the shape of an open pit.

Out of all the orders filled by us last year not a single pump has proved unsatisfactory, and in every instance where trial orders were placed by large corporations the trial order was almost immediately followed by larger orders.

Never try to economize at the risk of your crop. A breakdown or trouble at the wrong time may prove serious. Remember that Layne-Bowler's are always cheapest in the long run.
